PROXY STATEMENT

GENERAL INFORMATION

Information Regarding the Annual Meeting

This Proxy Statement is furnished to the shareholders of Communications Systems, Inc. ("CSI" or the "Company") in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders that will be held at the Company's offices at 10900 Red Circle Drive, Minnetonka, Minnesota, on Thursday, May 21, 2008, beginning at 10:00 a.m., Central Daylight Time, or at any adjournment or adjournments thereof. The cost of this solicitation will be paid by the Company. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies by telephone, email or in person. The Company may also request banks and brokers to solicit their customers who have a beneficial interest in the Company's Common Stock registered in the names of nominees and will reimburse such banks and brokers for their reasonable out-of-pocket expenses.

Solicitation and Revocation of Proxies

Any proxy may be revoked at any time before it is voted by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a proxy by written request or in person at the Annual Meeting. If not so revoked, the shares represented by such proxy will be voted by the persons designated as proxies in favor of the matters indicated. In the event any other matters that properly come before the meeting require a vote of shareholders, the shares represented by the proxies will be voted by persons named as proxies in accordance with their judgment on such matters. The Company's corporate offices are located at 10900 Red Circle Drive, Minnetonka, Minnesota, 55343, and its telephone number is (952) 996-1674. The mailing of this Proxy Statement to shareholders of the Company commenced on or about April 11, 2008.

Voting Securities and Record Date

The total number of shares outstanding and entitled to vote at the meeting as of March 28, 2008 consisted of 8,615,543 shares of \$.05 par value Common Stock. Only shareholders of record at the close of business on March 28, 2008 will be entitled to vote at the meeting. Each share of Common Stock is entitled to one vote. Cumulative voting in the election of directors is not permitted. The presence in person or by proxy of the holders of a majority of the shares entitled to vote at the Annual Meeting of Shareholders constitutes a quorum for the transaction of business.

Under Minnesota law, each item of business properly presented at a meeting of shareholders generally must be approved by the affirmative vote of the holders of a majority of the voting power of the shares present, in person or by proxy, and entitled to vote on that item of business. However, if the shares present and entitled to vote on any particular item of business would not constitute a quorum for the transaction of business at the meeting, then that item must be approved by holders of a majority of the minimum number of shares that would constitute such a quorum. Votes cast by proxy or in person at the Annual Meeting of Shareholders will be tabulated at the meeting to determine whether or not a quorum is present. Abstentions on a particular item of business will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining approval of the matter. For shares held in street name, if a broker indicates on the proxy that it does not have discretionary authority as to such shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter, but they are counted as present for the purpose of determining the presence of a quorum.

Selecting Nominees for Election to the Board

The Governance and Nominating Committee is the standing committee responsible for recommending to the full Board of Directors the nominees for election as directors at our annual shareholder meetings. In making its recommendations, the Committee reviews the composition of the full Board to determine the qualifications and areas of expertise needed to further enhance the composition of the Board, and works with management in attracting candidates with those qualifications. In making its recommendations, the Committee considers, among other things, relevant experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business, relationships and associations related to the Company's business, personal health and a willingness to devote adequate time and effort to Board responsibilities, all in the context of an assessment of the perceived needs of the Company.

Although we have never received a submission in the past, the Governance and Nominating Committee will consider qualified candidates for director that are submitted by our shareholders. Shareholders can submit qualified candidates, together with appropriate biographical information, to the Governance and Nominating Committee at: Communications Systems, Inc., 10900 Red Circle Drive, Minnetonka, Minnesota 55343. A shareholder wishing to formally nominate a director candidate should follow the procedure set forth below under the caption "Other Information – Shareholder Proposals for 2009 Annual Meeting --Shareholder Nominations."

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Role of the Compensation Committee and the Board

A primary responsibility of the Compensation Committee appointed by the Company's Board of Directors is to review and approve the compensation and other terms of employment of the Company's Chief Executive Officer, other executive officers and other key employees. The Compensation Committee carries out its responsibilities pursuant to a written charter adopted by the Board. The Compensation Committee's charter is available on the Company's website, www.commsystems.com, by following the "Investor Resources" link to the "Corporate Governance" link under which there is a link to "Committee Composition and Committee Charters."

The charter of the Compensation Committee requires that the Committee consist of no fewer than two board members who are not employees of or consultants to the Company and otherwise independent of the management of the Company and free of any relationship that, in the opinion of the Board, would interfere with their exercise of independent judgment as a Committee member. The charter also requires and, on an annual basis the Company's Board of Directors determines, that each member of the Compensation Committee be:

- "independent" as defined by the American Stock Exchange;
- a "non-employee director" under Section 16b-3 of the Securities Exchange Act of 1934, and
- an "outside director" requirements of Section 162(m) of the Internal Revenue Code.

Under the Compensation Committee's charter, the Committee has the authority to retain, at the Company's expense, such independent counsel or other advisers as it deems necessary to carry out its responsibilities. Additional information regarding the primary responsibilities of the Compensation Committee and its current members is provided above under the caption "Corporate Governance and Board Matters – the Board, Board Committees and Meetings."

The Board retains the authority to modify compensation strategy and policies as it determines in its discretion, to give final approval to the compensation and other terms of employment of the Company's Chief Executive Officer, and to review and, if appropriate, to adopt the recommendation of the Compensation Committee regarding the compensation of other Named Executive Officers. Two of the three directors serving on the Compensation Committee also serve on the Board's Governance and Nominating Committee, which also reviews the performance of the Company's Chief Executive Officer, so that these individuals have the benefit of the Governance and Nominating Committee's evaluation in setting the Chief Executive Officer's compensation.

[Table of Contents](#)

In setting compensation, the Compensation Committee uses surveys of executive compensation that provide information regarding companies of a similar size in comparable industries as a basis for determining competitive levels of overall cash compensation. In addition, over the past several years, from time to time, the Committee has also been guided by information and recommendations supplied by Denarius Human Resources, Inc., an independent consulting firm.

Compensation Philosophy and Overview of Executive Officer Compensation

The Company's philosophy with respect to the compensation of the Company's executive officers is based upon the following objectives:

- Establish compensation at levels that will attract, retain and motivate executives that possess superior leadership and management abilities; and
- Structure the forms of compensation paid in order that their interests will be closely aligned with Company's in achieving superior financial performance.

With these objectives in mind, total compensation paid to executive officers currently consists of the following material elements:

- base salary,

- eligibility for bonus compensation,
- eligibility for long-term cash incentive compensation under the Company’s PUP Plan discussed below,
- contributions to CSI’s Employee Stock Ownership Plan and matching contributions to CSI’s 401(k) Plan.

The Compensation Committee believes these forms of compensation provide an appropriate combination of fixed and variable pay and incentives for short term operational performance balanced with incentive to achieve long-term growth in the Company’s revenues and profitability.

Discussion of Elements of Executive Officer Compensation

Base Salaries. Base salaries of the Company’s executive officers are generally established by reference to average base salaries paid to executives in similar positions with similar responsibilities. Base salaries are reviewed annually in December of each year and adjustments are made effective as of January 1 of the following year. In addition to seeking to offer compensation that is competitive, consideration is given by the Compensation Committee to both measurable financial factors, as well as subjective judgments regarding factors such as development and execution of strategic plans, changes in areas of responsibility, potential for assuming greater responsibility and the development and management of employees. The Compensation Committee does not, however, assign specific weights to these various quantitative and qualitative factors in reaching its decisions.

Bonuses. Cash bonuses are intended to provide executive officers with an opportunity to receive additional cash compensation, but only if justified by superior financial performance. The performance measures used to determine bonuses for each executive officer are revenue (weighted 25%), profit (weighted 65%), average age of receivables (weighted 5%) and inventory turns (weighted 5%). The bonuses paid to those officers leading the entire enterprise, rather than a specific business unit, including the Company’s Chief Executive Officer, and Chief Financial Officer (the “Corporate Officers”), is determined based on applying these performance measures to the Company’s consolidated performance. The bonus paid to business unit leaders is based on their respective business unit’s performance under each of these performance measures. The potential target amount of an executive officer’s bonus is a percentage of base pay ranging from 25% to 70%. Prior to the beginning of each year a target bonus opportunity is established for each executive officer, and, based on the Company’s budget, targets for revenue, profit, average age of receivables and inventory turns are established by the Committee in its discretion for each quarter and for the entire year. One half of each executive officer’s bonus is determined based upon how well actual quarterly results of the entire enterprise or the business unit, as applicable, in the four areas being measured compare to the quarterly targets for these performance measures, and one half of each executive officer’s bonus is determined based upon how well twelve month results of the entire enterprise or the business unit, as applicable, in the four areas being measured compare to the annual targets for these performance measures. Accordingly, at the end of each of the four quarters quarterly results are evaluated in comparison to targets under each of the four performance measures described above and bonuses are determined as follows: for Corporate Officers, a bonus is paid with respect to a performance measure if quarterly performance on a consolidated basis is at least 60% of the target for that performance measure, and for business unit leaders a bonus is paid with respect to a performance measure if

[Table of Contents](#)

quarterly performance of the business unit is at least 80% of the target for that performance measure. Similarly, following the end of the year, twelve month results are evaluated in comparison to annual targets under each of the four performance measures described above and bonuses are determined as follows: for Corporate Officers, a bonus is paid with respect to a performance measure if annual performance on a consolidated basis is at least 60% of the annual target for that performance measure, and for business unit leaders a bonus is paid with respect to a performance measure if annual performance of the business unit is at least 80% of the target for that performance measure. The bonus plan may be changed, suspended, or terminated at any time in the discretion of the Board of Directors.

Long term Incentive Compensation. The Company offers executive officers the opportunity to earn long-term cash incentive compensation under its Performance Unit Plan (PUP Plan) that was implemented January 1, 2004 and amended effective January 1, 2006. Since 2004 the performance measure selected to reward superior long term performance under the PUP Plan has been return on total assets less cash and cash equivalents (“Return on Assets”) as this is regarded as an important measure of whether management is building shareholder value. Under the PUP Plan, executive officers receive awards at the beginning of each even numbered year (e.g., 2006, 2008, etc.) that cover a four year performance period. The potential value of each award is determined based on the executive’s position, and in each case the award represents the opportunity to earn cash incentive compensation if financial performance as measured by actual Return on Assets is attained within a range of specified Return on Assets goals that the Committee regards as superior financial performance for each of the four years. Accordingly, each award includes an annual “threshold” Return on Assets goal, an annual “target” Return on Assets goal and an annual “maximum” Return on Assets goal for each of the four years covered by the award. Under the PUP Plan, the Corporate Officers earn the right to incentive compensation if Return on Assets on a consolidated basis falls within the threshold goal and the maximum goal. Leaders of business units earn the right to receive incentive compensation based on both their respective business units achieving at least the threshold Return on Assets goal for that unit (weighted 77%) and the consolidated enterprise achieving at least the threshold Return on Assets goal established for the enterprise (weighted 23%). Return on Assets goals are set by the Committee in its discretion, and different goals are set for the entire enterprise and each business unit based on unique factors applicable to each. Annually, following the completion of the fiscal year, achievement of the Return on Assets goals is measured for each participant and to the extent actual Return on Assets falls within the range of goals applicable to that participant, the participant is deemed to have earned the level of compensation that corresponds to that level of achievement. However, payment of the amount earned during the first three years of the award is deferred to the end of the four year period of the award, and at the end of the four year period participating employees receive cash payments that were earned in each of the four years. Participating employees that resign before the termination of a four year performance period forfeit any entitlement to cash payments for that period.

Retirement Plans. The Company has established an Employee Stock Ownership Plan and Trust (ESOP) and Savings Plan and Trust (401K Plan). Executive officers, including the Named Executive Officers, participate in the ESOP and 401K Plan on the same basis as all other employees of the Company. Under the ESOP, the Company makes contributions on an annual basis to the ESOP to enable it to purchase a block of Company Stock which is then allocated to all eligible employees based on their compensation as a percentage of total payroll. Under the 401K Plan, the Company matches 50% of each employee’s contribution to the 401k Plan up to the first 6% the employee may contribute as a percentage of his or her compensation.

Other Compensation. The Company does not offer forms of compensation other than those described above. In particular the Company does not provide for personal benefits or perquisites (“perks”) as a significant element of compensation of the Named Executive Officers, in particular, or employees of the Company generally.

THE COMPANY'S AUDITORS

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the "Deloitte Entities") have been the auditors for the Company since 1982 and have been selected by the Board of Directors, upon recommendation of the Audit Committee, to serve as such for the current fiscal year. A representative of the Deloitte Entities is expected to be present at the Annual Meeting of Shareholders and will have an opportunity to make a statement and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following is a summary of the fees billed to the Company by the Deloitte Entities for professional services rendered for the fiscal years ended December 31, 2007 and December 31, 2006. The Audit Committee considered and discussed with the Deloitte Entities the provision of non-audit services to the Company and the compatibility of providing such services with maintaining its independence as the Company's auditor.

Fee Category	2007	2006
Audit Fees	\$ 349,000	\$ 467,714
Audit-Related Fees	25,000	19,982
Tax Fees	70,000	121,196
All Other Fees	13,700	—

Audit Fees. This category consists of fees billed for professional services rendered for the audit of the Company's annual financial statements and review of financial statements included in our quarterly reports.

Audit-Related Fees. This category consists of fees billed for assurance and related services, such as the Company's employee benefit plan audits, that are reasonably related to the performance of the audit or review of the Company's financial statements and are not otherwise reported under "Audit Fees."

Tax Fees. This category consists of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal and state tax compliance and acquisitions.

Audit Committee Pre-approval Policies and Procedures

In addition to approving the engagement of the independent auditor to audit the Company's consolidated financial statements, it is the policy of the Committee to approve all use of the Company's independent auditor for non-audit services prior to any such engagement. To minimize relationships that could appear to impair the objectivity of the independent auditor, it is the policy of the Committee to restrict the non-audit services that may be provided to the Company by the Company's independent auditor primarily to tax services and merger and acquisition due diligence and integration services and any other services that can clearly be designated as "non-audit" services, as defined by regulation.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for independent, objective oversight of the Company's financial accounting and reporting, by overseeing the system of internal controls established by management and monitoring the participation of management and the independent auditors in the financial reporting process. The Audit Committee is comprised of independent directors, and acts under a written charter. Each of the members of the current Audit Committee is independent as defined under applicable SEC rules and AMEX listing standards.

The Audit Committee held five meetings in fiscal year 2007. The meetings were designed to facilitate and encourage private communication between the Audit Committee and the Company's independent accountants, the Deloitte Entities.

14

[Table of Contents](#)

During the meetings, the Audit Committee reviewed and discussed the Company's financial statements with management and the Deloitte Entities. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The discussions with the Deloitte Entities also included the matters required by Statement on Auditing Standards ("SAS") No. 61 (Communication with Audit Committees), as amended by SAS 89 and 90 (Audit Committee Communications).

The Deloitte Entities provided to the Audit Committee the written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and this information was discussed with The Deloitte Entities.

Based on the discussions with management and the Deloitte Entities, the Audit Committee's review of the representations of management and the report of the Deloitte Entities, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, filed with the Securities and Exchange Commission.
